My mother wants to make a legal heir certificate. The 4. Financial Deliverance. History, if viewed as a repository for more than anecdote or chronology, could produce a decisive transformation in the image of science by which we are now possessed. At the time it was a difficult book to characterize, including as it did some history, some philosophy, and something about the contrast between science and religion. Unfortunately, Mother Nature screwed up. They lose their cows. Women handed white feathers to men they thought were shirking their responsibilities by not going to war.

This book definitely targets a certain niche, and they are very clear about it. I take abuse seriously in our discussion boards.
