The core of the CPS special issue is a set of papers analysing these domestic and international debates in depth and bringing the tools and existing literature of comparative and international political economy to bear to explain the political and policy outcomes that we have seen in the Eurozone since. Despite the broad similarities between the Euro crisis and past financial crises elsewhere in the world, it is also clear that the political stakes have been amplified because the crisis has occurred within the broader context of monetary union and European integration. Bloom regains her consciousness. Let Britain boast her British hosts, about them all right little care we ; W2FMI) British seas nor British coasts can match the man of Tip- perary.
